5/19/2015

Dear Parent(s),

Our teachers would like to use Chromebook or iPad apps as online learning tools for all students to support individualized instruction and reinforce classroom instruction. Before using these tools we want to make you aware of federal laws and regulations that apply to the use of technology to support classroom and require parent consent to be most effective

In order to use these online tools with students records or other information that could be personally identifiable, the Family Education Rights and Privacy Act (FERPA) requires that we obtain your consent due to the possible exposure of your student's information to the website's operator or to other participants.

In order for students to use these programs, services, and apps, certain personal information must be provided to the web site operator.   Under the Children's Online Privacy Protection Act (COPPA) these websites must provide parental notification and obtain parental consent before collection personal information from children under the age of 13. For more information on COPPA please visits http://www.flc.gov/privacy/coppafaqs.shtm.

Schools are permitted to consent to the collection of personal information on behalf of the parents of students, thereby eliminating the needed for individual parental consent given directly to the web site operator. Before doing so, the District is providing you with this notice and opportunity to opt out.

Please take a moment to looks at the sites and apps we will be using as well as what personal information the site, service, or app collect like name and basic Google account information. We will have your student use their District-provided email account for this.

After reviewing the sites please sign and return this form to the school at registration or, at the latest, by the first day of school. This will serve as your permission for your student to have access to these sites, services, and apps, as well as your permission for us to upload your student's information into the applications so that we can make the most of their functions. This permission will expire at the end of the 2015-2016 school year and can be revoked at any time.

We will be using the following apps, sites, and services
- PicMonkey
- Storyboradthat
- ClassDojo
- Notable PDF
- Typing Club
- Axiom
- Duolingo
- AudioSauna
- We'Video
- 3D'Solar'System
- Book'Track
- AR'Book'Finder
- EasyBib
- Flashcard'Stash
- Kid Blog

- Haiku
- Study Jams
- Discovery Education
- Illuminate Test Log In
- BBC Dance Mat Typing
